

SENATOR CHAMBERS: ...and the most they were going to use if for is go to the grocery store and get a loaf of bread, they don't need a semi-trailer truck. Nature believes in conserving energy. If nature gives a person energy, nature intends that person to use that energy and if it's not used, it will be taken away. You use it or you lose it. So if I have strength, if I have energy, if I have alertness and do not use them, why I might go up in a puff of green smoke here some morning and you wouldn't want that. Well I guess if you hadn't been listening to other things, you picked up on that. But at any rate, this amendment would change Senator Moore's amendment from \$4.00 to \$2.75.

PRESIDENT MOUL: Thank you, Senator Chambers. We will now vote on the Chambers amendment to the Moore amendment. All those in favor please vote aye, opposed nay. Have you all voted on the Chambers amendment? Have you all voted? Please record, Mr. Clerk.

CLERK: 2 ayes, 11 nays, Madam President.

PRESIDENT MOUL: The amendment fails. Before we proceed, I would like to call the senators' attention to the south balcony. Also, seated under the north balcony are special guests of Senator Coordsen, his brother, Bob, and Gail Coordsen of Gainesville, Florida. Would you please rise and be recognized. Welcome to the Chamber. Thank you. Items for the record, Mr. Clerk.
